

## Simple Setup

### 1. Download

Visit <https://www.monnit.com/support/downloads/> to download and install the iMonnit Express software.

### 2. Install

Launch the iMonnit Express installer and follow the on-screen instructions.

### 3. Launch

Restart your computer.\* Launch the iMonnit Express program from your desktop. The program will open in a browser window.

\* If you prefer not to reboot your computer, you can locate the service "iMonnit Express" inside your service manager console and start the service manually.

### 4. Activate

Activate the Express software with the code you received when purchasing.

[LOG IN](#)

LOG IN

### 5. Create

Create a username using your email address and a unique password. Re-enter the combination to log into iMonnit Express.

For more detailed instructions, documentation, how-to guides and video demonstrations on using Monnit wireless sensors, wireless gateways and iMonnit software, visit our support page at [monnit.com/support/](http://monnit.com/support/).
